\*Note: Due to the cost of shipping small orders, **frozen product** fundraisers are designed for groups who can sell a minimum of 40 cases. If your group can sell 40 cases (240 units) or more, then this fundraiser is definitely for you!

The shipping costs are paid by Annual Fundraisers on all orders of over 66 Cases.

This low 66 case minimum means you make more profit with [www.annualfundraiser.com](http://www.annualfundraiser.com)

\* **NOTE:** If your group sells less than 66 cases or 396 units, there is a formula that you can use to calculate the shipping charges. The formula is below:

$$396 - (\text{number of units sold}) = Y$$

$$Y \times .57 = \text{Shipping Charges}$$

Shipping cost example: 396 - 240 units sold = 156  
156 X .57 = \$88.92 shipping charge
